20th June, 1945

Chief Secretary

Sale of the 224 Acre of Tulkarn

Year E/10/29/45 of 15-1-45.

I have satisfied myself as far as is possible that the sale of the building to the Municipality will not be followed by departmental demands for new accommodation.

2. The Director of Land Settlement has confirmed, in his letter E/10/1(3) of 24th May, 1945, that the present value of the property is Rs. 5000.

3. The property has therefore been offered to the Municipality at that figure. A translation of the Commission's acceptance of the offer is enclosed. The terms mentioned in the Assistant District Commissioner's letter No. 1210 of 4-6-45 to which the Chairman refers in his letter of acceptance are those set out in paragraphs 3 and 4 of your letter under reference.

4. ^{ex} Present Departments at present housed in the building can ^{and} expanded, if need arises, into the accommodation which is now occupied by price and food control and bazaar retaining staff. An option on this accommodation will be obtained.

5. The Commission gratefully accepts the offer of a loan from Government in a sum of Rs. 2,500 at 3 1/2 % for fifteen years to meet half the price of purchase.

6. I assume that action should now be taken as follows:-

(a) You supply me with a Financial Allocation in the sum of Rs. 2,500 for payment to the Municipal Commission under the usual form of loan agreement.

(b) Upon payment of this sum the Municipal Commission proceeds to pay the sum of Rs. 5000 to the Sub-accountant, Tulkarn, the date of this payment being the effective date of sale.

(c) The Director of Land Settlement draws up an agreement of sale between Government and the Municipal Commission.

J. V. C.

(2)

- (d) The Chairman of the District Housing Committee proceeds to negotiate the lease from the Municipal Commission of the accommodation required for Government Departments, the rental being determined as required by paragraph 3 of your letter under reference.
- (e) The Municipal Commission takes over the unexpired period of Government's lease to the British Council in respect of the first floor accommodation occupied by the Tulkara Club.

District Commissioner,

I am directed to refer to your letter No.1072 of the 14th April and to your subsequent discussion with the Acting Financial Secretary regarding the sale of the Old Serai at Nablus to the Tulkarm Municipal Council.

2. Provided that you have satisfied yourself as far as is possible that such transfer will not be followed by departmental demands for new accommodation there is no objection to the proposal of sale of the property.

3. Subject to the confirmation of the Director of Land Settlement of the present value of P.5,000, the property (land and buildings) may be offered to the Council at that figure. From the date of payment of the purchase price a rental should be paid by Government based thereon and related to the cubic capacity (or such other datum) of the space occupied by Government offices.

An option should be obtained to allow for reasonable expansion of permanent departments presently housed in the building.

4. If the Council wish to accept these terms, you may inform the Mayor that Government is prepared to provide a loan at $3\frac{1}{2}\%$ p.a. for 15 years to cover up to 50% of the purchase price.

The District Commissioner has now proposed that the old Serai in Tulkarm should be sold to the Municipality for the purpose of Municipal Offices. I agree that the building is very suitable for the purpose and I am also of the opinion that it is not suitable for Government Offices. Unfortunately it is still occupied by some Government Offices and until it is vacated by them and it has definitely been decided that no part of the building is longer required by Government I hesitate to recommend that it should be sold. The matter is, however, under consideration by the Chief Secretary to whom I am conveying my observations in the above sense. In the circumstances I think consideration of the two sites selected by you had better be postponed.

CHIEF SECRETARY.

The Municipal Council at Tulkarm has for a long time been accommodated in a very inadequate hired building and they have been anxious to obtain proper municipal offices of their own. The Council therefore suggested two years ago that they be allowed to purchase from Government the Old Serai which had been vacated by the police on the construction of the Wilson Brown building. This proposal was sympathetically considered by my predecessor and by the Director of Land Settlement but, as the building was temporarily required for civil defence purposes, it was not at that time pursued.

2. With the cessation of civil defence activities in this District last year the ground floor of the Old Serai became vacant and it has now been occupied, by arrangement with the Central Housing Committee, by the Municipality on short lease agreement. The first floor of the building is still occupied by food and price controls and by benzine rationing staff, by the Forest Ranger, by the Agricultural Inspector and by the Tulkarm Cultural Club (on short lease from Government through the British Council).

3. The Municipality would like to acquire this whole building for the establishment therein permanently of municipal offices. I consider that the Municipality should possess their own municipal building. If they did so they would be likely to spend money on its proper maintenance and improvement and to take a pride in the external appearance and surrounding garden. On account of building costs and control of materials it will be many years, however, before it will be possible for them to construct a sufficiently large and dignified building for the purpose. Moreover, there is no really suitable central site available. The Old Serai, on the other hand, is ideally suited for municipal offices both by location and by external appearance, internal arrangement and size. I therefore strongly support the desire of the Municipality to purchase this building from Government.

4. The Director of Land Settlement has valued the property at E.5,000. I recommend that, in view of the public purpose intended, the building be offered for sale to the Municipality at half its present value. The Municipality is able to afford to pay now from its surplus balance this amount of E.2,500. I also recommend that the sale should be subject to the following conditions:-

(a) Government Departments will remain in occupation of offices on the first floor of the building rent free up to the end of the financial year.

(b) The Municipality shall be obliged to enter into lease agreement with the District Housing Committee for the lease to Government of these offices, at a pre-war rental, from 1.4.46 for as long as they are required by Government.

(c) The Municipality will take over from Government the existing lease of the British Council of the rooms on the top floor which are used by the Cultural Club.

(d) The Municipality, as owner, will be responsible for the proper maintenance of the whole building as from the date of sale.

I refer to our conversations on 31-4-43 about the sale of the Old Seraya, Tulkarm, to the Municipal Commission.

2. We agreed, I think, that the idea could be sympathetically considered and you suggested that a Committee of representatives of the Departments interested should meet at Tulkarm. You also said that you would prepare plans of the pieces of State Domain opposite the Old Seraya which might be used as public open spaces.

3. I should be grateful if you would arrange for the formation of the Committee (as I do not know what Departments are interested) and as soon as the ~~plans~~ ^{plans} are prepared we can fix a day.

4. I suggest that the Committee should be kept as small as possible.

Ref'nce :- Your 1072 of 4th May, 1943.

I have discussed this matter further with the Chairman of the Municipal Commission in the light of your letter.

2. His Worship fully understands and accepts your view that the present time is inappropriate for the erection of a new building. He wishes, however, to renew his former application to purchase the Old Seraya (See Mr. Reeve's TUL.480/53 of 11.1.43) and in view of the terms of his request set out in para. 3 below I find it difficult, unless there are insuperable objections, to refuse sympathetic consideration to the proposal until the war is over.

3. Hashim Eff. informs me that if Government is willing to sell this building to the Municipality they will have no objection to the Food Control Office and Civil Defence Services remaining in occupation of the premises allotted to them rent-free for as long as they require them. With regard to the rooms occupied by the British Institute rent would continue to be paid at the present rate and the Institute would be permitted to remain in them as long as they wished after the war (when the British Council may perhaps embark upon a comprehensive building programme of its own).

4. In view of the above undertaking I recommend that the sale may be permitted and the Director of Land Settlement requested to appoint a valuation committee.

*Discuss it orally with H.W.
by D.C. who will see D.L.S.
on the subject and recommend a
new assessment of value -
since the surplus balance of
the Municipality is able to stand
the expenditure as well as that on

Although I have every sympathy with the wish of the Municipal Commission to build Municipal Offices in Tulkarm I feel that the present time is inappropriate because of the great expense of building and the difficulty in obtaining controlled materials.

2. Moreover I understand that the Municipality would like to buy the old seraya. While I cannot recommend this during war-time I see no reason why, after the war, when such departments as Food Control and Civil Defence are no longer necessary, the sale should not go through.

3. I think the Chairman of the Municipal Commission has already been told that I am prepared to recommend that the Commission should be allowed to rent a number of rooms in the old seraya as offices.

4. Perhaps you will talk over the matter with Hashim Eff. and let me know his opinion after re consideration.

if possible sell it to the Municipality now and they will not make any difficulty for the Dist. Inst.

Assistant District Commissioner's Office,
Tulkarm.

24th April, 1943.

District Commissioner,
Samaria District.
-----Site for New Municipal Offices, Tulkarm.

The scheme for the purchase of the Old Seraya for use by the Municipality as offices having fallen through, the Chairman of the Municipal Commission is very anxious to acquire a site for the erection of a new building. Funds have been earmarked for the purpose and His Worship has set his heart on acquiring a part of State Domain R/Tul/1(1)F, outlined in yellow on the attached plan, comprising about 1,500 square metres of Urban Assessment parcel 25 of Block 3199.

2. I find that there has been a good deal of previous correspondence between this office, the Directors of Land Settlement and Public Works and the Town Planning Adviser regarding applications for the purchase of this plot, and it was decided in July last that it should not be sold, at any rate for the present. The arguments adduced may be summarised as follows :-

- (a) The sale of corner plots of this type is bad policy since, from a town planning point of view, they are often necessary as open spaces to provide traffic with a clear angle of vision from all approach roads.
- (b) Even though the area is not at present required by Government for building there is no guarantee that it will not be required for Government purposes in the future. In view of the difficulty experienced in obtaining sites for Govt. buildings, and their prohibitive cost it is desirable for Government to retain possession of a piece of land situated on a main road in an important town and in close proximity to other Government buildings.

3. With regard to (a) above it is certainly important that the motor driver's field of vision should not be curtailed at this difficult corner, but I think that the point would be met to a great extent by enforcing the Town Planning Adviser's stipulation that any building erected should have a minimum setback of 10 metres from the road. ~~Now~~ do I consider that (b) has any great force in this case. It is no longer a question of selling the land by public auction, as was proposed when the matter of its disposal previously came under consideration. The Tulkarm Municipality deserves well of Government and I consider that its needs should receive specially favourable consideration. In the event of Government wishing to erect new buildings in Tulkarm there is plenty of room on other adjacent State Domain sites. If, however, there continues to be serious objection to the sale of this particular plot, the Chairman would be prepared to purchase, as an alternative site, (also State Domain) a part of parcel 24 (outlined in red on the plan), the eastern end of which is at present occupied by the Infant Welfare Centre.

4. If you agree in principle to the acquisition by the Municipality of a site for the erection of a new office building I would propose to reopen the matter with the Director of Land Settlement in the light of the considerations set out above.

No. 4/1.

Municipality of Tulkarm,
15th April, 1943.

Asst. Dist. Commissioner, Tulkarm
Thro' District Officer, "

Subject :- Municipal Office.

I have noted that the Government is not willing to sell the old seraya at present so that the municipality purchase it and to move its offices to it.

2. In view of the fact that the municipality is badly in need of a house to be owned by ^{it}her, I apologise if I repeated this subject to you and to submit a new suggestion and to request your support with the authorities concerned for its execution; that the Govt. sell the piece of land (in triangle shape) situated in the western side of the P.H.D. Tulkarm, between Nablus Road- and the road leading to P.H.D., in Block 8199 parcel 25. I forward a plan of the Government properties in which this parcel is marked in yellow line.

3. I am confident that you will assist the municipality in this scheme.

D.O. A.D.C.

Please see the correspondence in attached file no. 1013 relating to the sale of the parcel in question

No. 480

Subject: Municipal Offices

Reference: My letter No. 4/1 of 5.1.1943

I understand that the selling of the old Government Building at Tul Karm is out of question in the time being. As the problem of a suitable building for the Municipal offices remains unsolved I ask your permission to approach you again in the same subject with fresh proposals to be put before the concerned High Authorities:-

a) The selling by Government to the Municipality of Tul Karm of the plot on which is situated the Infant Welfare Station, Block 8199, parcel 24. In this case the Municipality will erect a building in which a space will be reserved for Infant Welfare.

b) The selling by Government to the Municipality of Tul Karm of the plot to the north of the P.H.D. This consists of one part of the parcel No. 26 of Block 8199

D.O.

We inspected these alternatives ~~plots~~ to-day with H.W. and decided that the most satisfactory site for the new municipal offices would be the lower part of Block 8199, Parcel 24. There is ample room for the new building without interfering in any way with the site at present occupied by the Infant Welfare Centre (which I understand is in any case controlled by the Municipality).

Could a rough sketch plan be obtained from the Mayor showing the proposed site, for reference to D.C.?

I am confident that you will assist the Municipality in this matter as you have done in every occasion. This institute will remain thankful to you for ever.
